**WHITTON HERE  
ON THE IRIS**

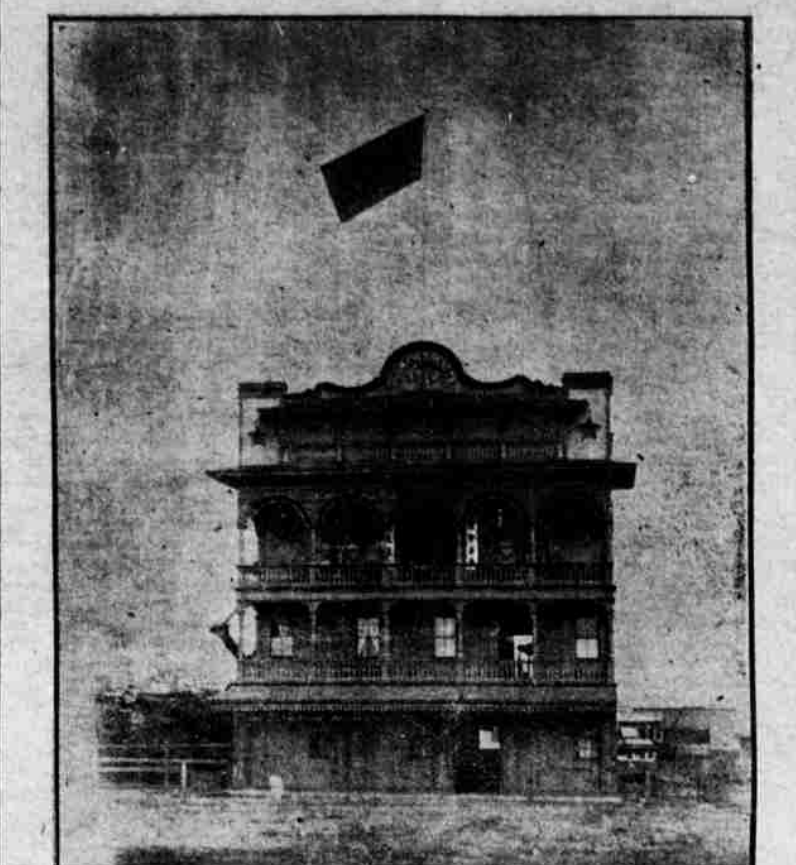

When Commodore Dewey steamed in-  
to Manila Bay on May 1, 1898, and  
destroyed the Spanish fleet there, one  
of the vessels composing his squad-  
ron was the auxiliary steamship Za-  
fro, which had been purchased by the  
Commodore at Hongkong just before  
the Spanish war broke out. The vessel  
was commanded by Captain Whitton.  
That same officer arrived here yester-  
day from San Francisco as master of  
the United Naval supply steamer Iris.  
Captain Whitton was then a British-  
er, but on arrival later on at the  
Coast, he became a naturalized citizen  
of the United States. The Zaifro par-  
ticipated in the fight at Manila Bay.  
The Chinese crew which was aboard  
the Zaifro when the vessel was brought  
to the United States, is now aboard the  
Iris, and is to be returned to their  
Orient.

The Iris is a big vessel and is chock  
full of supplies for the local naval  
station, Midway, Guam and Manila.  
The local stores will be discharged at  
once and a quantity are to be loaded  
into the U. S. S. Iroquois which will  
get away for Midway sometime to-  
morrow. Captain Niblack was the  
busiest man on the front yesterday  
and will lose no time in getting his  
vessel under way.

The Iris towed from San Francisco  
a natty-looking water barge for the  
Honolulu naval station. The trip was  
accomplished in thirteen days. The  
bawler broke once in mid-ocean, but a  
new line was quickly bent on.

The water barge, is a small steamer  
similar to the "Pioneer" of Hackfeld  
& Co. She is almost as long as the  
Iroquois. Her superstructure is paint-  
ed buff and the hull black. There is  
a wheelhouse and quarters aboard, and  
a pumping apparatus. Her capacity is  
50,000 gallons. She will be used in de-  
livering water aboard warships.

Miners and operators in the an-  
thraxite coal districts are preparing for  
the greatest struggle in their history,  
which is scheduled to begin next  
spring. "There will be no permanent  
peace in the anthracite regions until  
the union is recognized and an eight-  
hour day granted," said President John  
Mitchell.

**CHINESE CELEBRATE HARVEST  
MOON WITH NOISE AND FEAST****QUON ON SOCIETY CLUBHOUSE.**

Hundreds of thousands of firecrackers  
were discharged in Chinatown last  
evening to the accompaniment of  
screaming and clanging Chinese bands.  
They announced that the harvest of  
the full moon had again arrived. The  
celebration was general among the  
Chinese and every clubhouse was bril-  
liant and gay with novel electric and  
floral decorations, and in nearly all of  
them banquets were held late in the  
evening.

Once a year the full moon festival  
comes around, and it always arrives  
in the month of September. It is a  
time of rejoicing among Chinese, es-  
pecially in the Flowery Kingdom, for  
it marks the time when the harvest is  
all in and in plenty.

**J. A. JOHNSON WEDS  
MISS JEAN LINDSAY**

At the home of Dr. and Mrs. E. E.  
Kelly, Washington street, last Wed-  
nesday evening, Miss Jean Lindsay  
became the bride of J. A. Johnson of  
Honolulu. The ceremony was per-  
formed by Rev. W. S. Kelly of San  
Jose. The house was decorated with  
roses and smilax; festoons of smilax  
forming a canopy in the bay window,  
under which the bridal party stood.

The bride was attired in a gown of  
white silk mulle over tulle, and car-  
ried a shower bouquet of bride's roses.  
Miss Edith B. Smith acted as maid of  
honor. Her gown was pink silk crepe  
over tulle, and she carried an effective  
muff bouquet of maidenhair fern  
and bridesmaid roses.

The wedding march from "Lohen-  
grin" was played by Mrs. Kelly and  
the bride was given into the groom's  
keeping by Dr. Kelly. The ceremony  
was witnessed by about fifty most in-  
timate friends.

Amid congratulations Mr. and Mrs.  
Johnson left for Lake Tahoe, where  
they will spend a week or two, after  
which they will sail for Honolulu,  
where they will reside at College Hills.

The bride is the daughter of Mr.  
and Mrs. R. M. Lindsay of Danville,  
Ill., and the groom is connected with  
the firm of C. Brewer & Co. of Hono-  
luli.—Chronicle.

PHILADELPHIA, September 5.—  
Count Karl Holstein of Germany, after  
having been twice jilted by Mildred  
Harrison, daughter of Alfred C. Har-  
rison, the sugar king, and niece of the  
provost of the University of Pennsylv-  
ania, has succeeded in renewing his  
engagement with her.

Three times has the German Count  
chased this girl around the world in  
his suit for her hand. The announce-  
ment of the present or third engage-  
ment comes, however, with such an  
air of finality that it looks as though  
Holstein was really going to win her.

Miss Harrison and the Count first  
met at Washington. Then their first  
engagement was reported. If it had  
existed it was speedily broken. Prac-  
tically around the world went the  
lady, and after her went the noble-  
man. Then they met again at a San  
Francisco hotel. The Count had his  
mother with him this time, and again  
came the report of their engagement.

At the Quon On Society's clubhouse  
on Smith street there was a great  
gathering of the club members. The  
front of the building was outlined with  
red, white and blue electric, and  
strings of them rose from the roof to  
the top of the flagstaff. Transparen-  
cies hung from the railings and gar-  
lands of flowers added to the pic-  
turesque appearance. Long strings of  
firecrackers, let down from the upper  
balconies, were discharged continuously  
from 8 until 10:30 o'clock, five hundred  
thousand in all, at which time 125 mem-  
bers sat down to an elaborate ban-  
quet, presided over by the president,  
Mr. Goo King, assisted by Loo Wo, the  
vice-president.

Other clubhouses in the vicinity were  
also in gala attire and each club seem-  
ed to vie with the other in ripping  
the welkin with powder.

**JUDGE GEAR WILL  
DEFEND LUCIEN YOUNG**

The Examiner says: Judge George  
D. Gear of Honolulu has arrived here  
to defend Captain Lucien Young of the  
United States gunboat Bennington,  
who has been ordered before a court-  
martial at Mare Island by Secretary  
of the Navy Bonaparte. Captain  
Young was in command of the Ben-  
nington when one of her boilers blew  
up while the vessel was in the harbor  
of San Diego, several weeks ago, caus-  
ing a terrible loss of life among the  
crew.

Judge Gear is an oldtime friend of  
Captain Young, and readily consented  
to come from the islands to take care  
of his interests before the court-mar-  
tial. Formal charges on which Young  
is to be tried have not yet been served  
on the captain. Until that is done,  
neither he nor Judge Gear can decide  
upon the nature of his defense, and  
make the necessary preparations to that  
end.

"Captain Young," said Judge Gear  
yesterday, "courts the fullest investi-  
gation of his official conduct in con-  
nection with the regrettable Benning-  
ton disaster. He has nothing to con-  
demn the forthcoming court-martial."  
Captain Young, who was in the city  
yesterday, declined to be interviewed,  
saying that he was not in a position  
to talk at this time, although having  
nothing to conceal. Both he and  
Judge Gear, he said, thought the same  
on that point.

**SELF CURE NO FICTION!**

MARVEL UPON MARVEL! NO SUFFER-  
ING NOW DESPAIR, but without running a  
doctor's bill or falling into the deep ditch  
of quackery, may safely, speedily, and econom-  
ically cure himself without the knowledge of a  
second party. By the introduction of the New  
French Remedy, THERAPION, a complete  
revolution has been wrought in this depart-  
ment of medical science, whilst thousands have  
been restored to health and happiness who for  
years previously had been merely dragging out  
a miserable existence.

THERAPION No. 1 is a remarkably short  
time, often a few days only, effects a cure,  
superbly effective, the use of which does  
irreparable harm by laying the foundation  
of stricture and other serious diseases.  
THERAPION No. 2, for impurity of the  
blood, scurvy, pimples, spots, blotches, pains  
and swellings of the joints, gout, rheumatism,  
secondary symptoms, etc. This preparation  
purifies the whole system through the blood,  
and thoroughly eliminates all poisonous matter  
from the body.

THERAPION No. 3, for nervous exhaustion,  
impaired vitality, sleeplessness, and all the dis-  
tressing consequences of dissipation, worry,  
overwork, etc. It possesses surprising power  
in restoring strength and vigour to the debili-  
tated.

chasers should see that the word "Therapion"  
appears on British Government Stamp (in  
the sold by the principal Chemists throughout the  
world. Price in England, 2/6 and 4/6. Pure  
white letters on a red ground) affixed to every  
package by order of His Majesty's Hon. Com-  
missioners, and without which it is a forgery.

It is announced that by June 1st, 1906,  
there will be a continuous trolley ser-  
vice from Chicago to New York.

New York's University Settlement,  
one of its greatest charities, is con-  
vulsed by scandalous disclosures.

Marshall Field, the multi-millionaire  
merchant of Chicago, has been married  
at 70 to Mrs. Delea Spencer Caton, aged  
46.

Cupid has wrought havoc in the  
ranks of the public school teachers in

and wounding many.

The merchants of Barcelona have

abolition of the present police as being  
incompetent to prevent an anarchist  
outbreak.

moral support.

It is reported here, through the in-  
fluence of a German Prince, the Ham-  
burg-American Steamship Company  
has secured large contracts for the  
taking home of the Russian prisoners  
in Japan at \$2.50 per head.

General Chaffee has issued a general  
order putting into immediate effect a  
new and thorough system of education  
for army officers. The post command-  
ers will be in charge of the schools  
and the courses will be both theoretical  
and practical.

A fire at Adrianople caused enormous  
damage. Seven thousand houses were  
destroyed in the Greek, Armenian, Bul-  
garian and Jewish quarters. There  
were many victims. With the excep-  
tion of the Catholic church, the mo-  
nastries, the schools, a convent and the  
telegraph offices, few buildings were  
insured.

Dr. Louis L. Seaman, the great ex-  
pert on army sanitation who is just  
back from two years' with the Russian  
and Japanese armies calls the peace of  
Portsmouth "one of the greatest mis-  
takes of the century." He says Rus-  
sia will not long consent to be bottled  
up and eventually the two nations  
must fight their battles all over to a  
finish.

Ensign Charles T. Wade of the

in connection with the recent explo-

is reported to be on the road to re-

British metropolis and other parts of  
the United Kingdom. These contracts  
involve the expenditure of close to  
\$15,000,000, and the placing of big or-

in the United States.

who have recently entered the univer-

gymnasium and will conduct classes  
in the various forms of athletics that  
find favor among the youth of Japan.  
In addition to jiu jitsu, the Japanese  
will teach the fine points of tumbling,  
wrestling and physical development.

**ILLEGAL SALE OF  
DISEASED CATTLE**

In cleaning out tuberculous cows  
from his herd of eighty, P. M. Pond  
sold the infected bunch to the Oahu  
Ranch Co., at about one-fourth the  
cost, stating the condition the cows  
were in. Unknown to Mr. Pond the  
sale of diseased cattle was contrary  
to law. Acting on complaint of Dr.  
Norgaard, Territorial Veterinarian, the  
Governor called Mr. Pond before him  
and strongly criticised the sale. Coun-  
ty Attorney Douthitt was present at  
the interview and may prosecute. Mr.  
Pond made this statement of the case  
to the Advertiser:

"The thing is a nutshell is this:  
I had no available pasture in which  
to segregate the cows in the manner  
prescribed by Dr. Norgaard. Their  
presence was a continual menace in  
that their milk was likely to become  
mixed with healthy milk.

"I sold them to parties who have  
ample facilities for their proper han-  
dling, and in the presence of two wit-  
nesses stated the precise result of the  
examinations of each cow, stating that  
they were tuberculous and were fit on-  
ly to be used as breeders or when  
milked to have the milk sterilized.

"The price fixed was such as just-  
ified their purchase for that purpose.  
I immediately informed Dr. Norgaard  
of the terms of sale.

"Having found there was a law for-  
bidding such a sale, its consummation  
was promptly abandoned. The cows  
will be killed forthwith. I venture the  
assertion that few dairymen will vol-  
untarily assist the authorities in hav-  
ing their herds freed from tuberculosis,  
until the law referred to is so mod-  
ified as to admit of the transfer of tu-  
berculous animals from the owners to  
some concern qualified to segregate  
them as done in Denmark."

**HAWAIIAN MUSIC AT TECHAU'S.**

Though Techau's Tavern always has  
been a popular resort, since the coming  
of the Hawaiian Band the artistic din-  
ing hall is packed to overflowing every  
night. It is not easy to say which is  
the most attractive feature, the excel-  
lent cuisine, the courteous service or  
the wonderful music of the Ellis Or-  
chestra. At any rate the combination  
is one that makes Techau's a dining  
place for kings. The soft Hawaiian  
music soothes the ear and the artistic  
arrangement of the dining hall pleases  
the eye. Techau's may be well called  
the Elysium of the Pacific.

The success of the Tavern shows what  
careful management can accomplish in  
the way of making people perfectly  
comfortable.—Chronicle.

**INFANT MORTALITY.**

The attention of the Town Council at  
Johannesburg, Transvaal, was last year  
directed to the fact that out of eighty-  
four infants, who died in December,  
forty-four of them had died of dysen-  
tery. An investigation with a view  
of tracing the source of the disease  
was authorized. Under the best of con-  
ditions attacks of dysentery are very  
prevalent among children in warm  
weather, but in a large majority of  
cases the lives of the little ones can  
be saved by the use of Chamberlain's  
Colic, Cholera and Diarrhoea Remedy.  
This remedy always brings prompt re-  
lief, and has never been known to fail.

Miss Florence Cornell was, hostess  
yesterday at an attractive luncheon,  
given in the palm garden of the Palace.  
The guest of honor was Miss Beatrice  
Spilvato, a bride to be. Pink carna-  
tions added their beauty and spicy fra-  
grance to a round table daintily set for  
eight. Place cards, adorned with  
French slippers and rice bags, provided  
at once an interesting topic for con-  
versation. There were present: Miss  
Cornell, Miss Spilvato, Mrs. Bean, Mrs.  
Morrow, Miss Mighell, Mrs. Jones and  
Miss Marston. The marriage of Miss  
Spilvato and Lieut-nant Francis Rawls  
Shoemaker will probably take place in  
October, shortly after the arrival of the  
cutter Bear, to which Lieutenant  
Shoemaker is attached.—Chronicle.
